

Pregnant?

Earn a \$25 Target gift card!

You qualify for our research study if:

1. you are between **10 and 32 weeks pregnant**,
2. you can **collect 60 cc of your *first morning urine**** and bring **the sample to a Frisco lab no later than 10:00 a.m.** the same day
3. other than prenatal vitamins, you are not currently taking progesterone, hormone therapy, or other medications

To participate:

1. Obtain a sterile collection cup
2. Fill the container with at least 60 ccs of your first morning urine*
3. Bring the sample* and your completed information sheet (on the back of this page) between 8:30 and 10:00 a.m. **the same day** to NTEC labs at: 6170 Research Road, Frisco, TX 75034 (near SE corner of Eldorado and Tollway)
4. The NTEC receptionist will log in your sample and this information sheet and provide your gift card!

* Fill the sterile collection container. The sample is required to contain at least 60 cc's for eligibility.
